Wild for Life Foundation (WFLF), Humanion Films is exposing the truth about horse slaughter and in the process of producing the film; "**Saving America's Horses A Nation Betrayed**" we have saved several Thoroughbreds and Wild Horses from the slaughter pipeline. These horses need YOUR help now!

Please help us make sure that these lucky horses that have been saved from slaughter will always be cared for and never be forgotten. They are a living testament to the will of the American public; that horses are non-food animals and deserve to be treated humanely. No equine should ever have to suffer the fate of slaughter. There are a couple ways YOU can help!

**Yes, I want to help the horses rescued from slaughter!**

1. **Donations**: funds can be donated on line or sent by mail!
2. **In kind donations**: items and or services can be donated for tax deductible receipts!

***Or if you would like to donate your services and or items to receive valuable sponsorship credit in the film or through the website, give us a call or drop us an [email](#)!***
